

Chemspec USA 2011 Conference Program

9.30am - Opening Plenary Session - Room 120 A/B/C

- Regulations: Turning Constraints into Competitive Advantage - Dr. Joe Carleone, CEO of AMPAC, parent company to AMPAC Fine Chemicals
- Enabling a greener future through innovative chemistry - Craig Rogerson, CEO of Chemtura Corporation
- The Business of Sustainability - Jerome Peribere, President & CEO, Dow Advanced Materials | Executive Vice President, The Dow Chemical Company

- STREAM ONE, Room 120 A/B/C -

10.30am - Chemistry and/or Biology?

Chaired by:

- Dr. Andrew Warmington, Editor of Speciality Chemicals Magazine
- Debbie Hart, President of BioNJ
- Chris Molineaux, President of Pennsylvania Bio
- Bob Dayton, President of Delaware BioScience Association
- Dr. Stephen Rapundalo, President & CEO of MichBio
- Dr. Bob Wedinger, CEO of Rennovia
- Dr. Lukas Utiger, President of Lonza Bioscience

11.30am - The Strategic & Financial Outlook for Chemicals

- Peter Young, President of Young & Partners

12.15pm - Luncheon Speaker: Energy, Security and the Chemical Industry

- Seifi Ghasemi, Chairman & CEO of Rockwood Holdings (Chemetall, Rockwood Pigments, Rockwood Additives, Sachtleben Chemie & seven other global business units)

12.45pm - Networking Lunch, 400 Level Terrace Ballroom

1.45pm - The Legends of R&D: Future of the Chemical Enterprise 2020 - Pharma, Chemical & Crop Protection

Chaired by:

- Dr. Magid Abou-Gharbia, former Sr. VP of Wyeth and head of chemical & screening processes now with Temple University, School of Pharmacy, as Dean for Research, Professor of Medicinal Chemistry & Director of the Moulder Center for Drug Discovery Research.

Panel experts:

- Dr. Paul Anderson, former ACS President and former Senior VP for Chemical & Physical Sciences at DuPont-Merck Pharmaceuticals Company
- Dr. John LaMattina, former Senior VP, Pfizer Inc and President, Pfizer Global Research &

Development and now a Director of Human Genome Sciences as well as a Senior partner at PureTech Ventures

- Dr. Pat Confalone, VP Global R&D for DuPont Crop Protection

3.00pm - Investment in the Chemical World/Venture Capital

Chaired by:

- Dr. Judith Giordan, former VP of Global R&D for Pepsicola, International Flavors & Fragrances and VP R&D Henkel Corporation, now a Principal at Venture Well

Panel experts:

- Joseph Stieg, VC fund CFO & Angel Fund Founder
- Robert Balke, Owner, E&E Capital & Director, Forge Partners
- Elizabeth Bailey, MD, Commons Capital

4.15pm - Defining Success in Pharmaceutical Outsourcing

- Ioannis Valvis, Principal, NovoSynth Pharmaceuticals

5.00pm - Final keynote, Innovation and the Future of the Chemical Industry, leading into the Opening Networking Reception

- Dr. Tom Connelly, Executive VP and Chief Innovation Officer of DuPont

- STREAM TWO, Room 122 A/B -

10.30am - Supply Chain Management in the Age of Sustainability

Chaired by:

- Bob Quinn, President & CEO, Quinn Specialty Chemical Consultants

- Cathy Budd, Supply Chain Director of Dow Building Solutions

- Paul Brouillard, Director of Global Accounts for Spectrum Chemicals & Laboratory Products

- Kendra Martello, Assistant General Counsel, Pharmaceutical Research & Manufacturers of America

11.30am - Review of the Current Global Regulatory Environment

- Guy Villax, CEO of Hovione & Board member of the European Fine Chemicals Group (EFCG) & Rx-360

12.15pm - Luncheon speaker: [Energy, Security and the Chemical Industry](#)

- Seifi Ghasemi, Chairman & CEO of Rockwood Holdings (Chemetall, Rockwood Pigments, Rockwood Additives, Sachtleben Chemie & seven other global business units)

12.45pm - Networking Lunch, [400 Level Terrace Ballroom](#)

1.45pm - Technical Workshops: Novel Technologies / What the pharma sector can learn from the Agro sector / Genotoxic impurities

- Dr. John Knight, Director of Scientific Update

3.15pm - Green Chemistry: Shaping the Future of the Chemical Industry

Chaired by:

- Julie Manley, President of Guiding Green LLC and Senior Industrial Coordinator for the American Chemical Society's Green Chemistry Institute (ACS GCI)

Panel experts:

- Martha Murray, Director of EH&S at AMPAC Fine Chemicals
- John Warner, President & CTO for Warner Babcock Institute for Green Chemistry
- Catherine Hunt, Ph.D, RD & D Director, Innovation Sourcing & Sustainable Technology, Dow Chemical
- Michael Lefenfeld, President & CEO, SiGNa Chemistry Inc.
- R.P. (Skip) Volante, VP and Global Leader Process Chemistry, Merck Research Laboratories

5.00pm - Final keynote, Innovation and the Future of the Chemical Industry, leading into the Opening Networking Reception, Room 120 A/B/C

- Dr. Tom Connelly, Executive VP and Chief Innovation Officer of DuPont
